

97/315 cell-cell adherens junction

217/678 anchoring junction

132/387 cell-substrate junction

80/212 actin cytoskeleton

53/180 contractile fiber part

54/222 synaptic membrane

26/160 protein-DNA complex

243/1058 extracellular region

303/1060 endoplasmic reticulum part

260/833 endoplasmic reticulum

64/229 integral component of organelle membrane

73/253 nuclear membrane

205/923 mitochondrial part

124/584 mitochondrial membrane

93/457 organelle inner membrane

316/1389 mitochondrion

48/164 outer membrane

112/395 endosomal part

146/509 endosome

121/375 vacuolar part

98/288 vacuolar membrane

204/911 catalytic complex

59/275 ubiquitin ligase complex

97/352 transferase complex

13/67 preribosome

73/294 ciliary part

6/26 ciliary transition zone

3/12 TCTN-B9D complex

25/90 ciliary basal body

70/301 cilium

32/138 microtubule organizing center part

22/100 centriole
